Hey Gang:

Copying Bob to make sure he sees and is Ok with what R3 is getting ready to send. **Bob** – looks like R3 has a 12/29 deadline for sending this out. At bottom, the letter from R3's Acting WD asks Chemours to sample a select group of public and private drinking water supplies in the vicinity of the Washington Works facility for GenX.

Thanks.

Hi Chris,

Thank you for your quick review. Jacquie Clark has reviewed it, but I am not sure if Bob knows if it is going out. Jacquie is busy working on the 106 for Wolverine and I don't want to bother her. Rett, do you know if Bob knows? If he doesn't, may you or Chris send this to him today.

Thank you,
Jenny

Jenny:

The letter looks fine to me. If R5 ORC is on-board and Bob is aware that this is going out, I'm certainly OK with it.

Thanks.

Chris

Importance: High

Hi Chris and Rita,

May you please let me know if you are working today because Region 3 wants to send the attached letter about GenX to OECA. I read it weeks ago and I just reviewed Mary Coe's edits and I am fine with them. If you two could please look at the later today and let me know if you have any edits, that would be great.

Also, if you call and I don't pick-up, please leave a voice mail. I may be on the phone with my landlord. My heat is not working.

Thank you,
Jenny

Importance: High

Hi Jenny – I'm not sure who in WD is in to review the attached, but it looks like Mary did not make many edits to those I proposed (the redline shows mostly my proposed edits and a few of Mary's). R3 has a 12/29 deadline to send the letter, so I think you need to get this to WD management for review asap. Andy plans to accept all edits today and share with OECA, which I think is a good plan. Thanks-Jacquie

Jacqueline Clark

Folks –

I didn't have much to add. See attached. Looks good to me.

Mary
